NLCH is one of the ministries of New Life Advance International (NLAI), an international mission agency based in Houston, Texas. New Life Children's Home was established in Villa Nueva, Guatemala in 1976 after a devastating earthquake.

## HOW YOU CAN HELP!

For as little as \$35 per month (\$1.17 a day), you can help sponsor one of the children at NLCH. Your tax-deductible contribution helps to provide:

- Food and clean water
  - Medical/Dental care
  - A Christ-centered education
  - Important life-skills training
  - A safe home where Jesus is the center!
- Many of our children here at NLCH have been affected in their past by abuse, neglect, malnutrition, lack of education, and much more. Your contribution helps NLCH to heal wounds from the past and provide hope for the future.

*"And whoever welcomes a little child like this in my name welcomes me." Matt 18:5*

## WHO WE ARE

Orphaned, abandoned, and abused children have found a refuge and safe haven at New Life Children's Home in Guatemala. NLCH endeavors to be a true Home for these needy children, where we minister to their physical, emotional, and spiritual needs. The dedicated staff of NLCH introduces each child to our Savior, nurturing him/her in a personal relationship with Christ, and providing him/her with an excellent Christian education.

NLCH seeks to provide a family atmosphere. "Home" speaks of family. Family is not something that can be taught as much as modeled. It is one of the values that NLCH holds dear. When a young man or woman leaves NLCH, our prayer is that s/he will be prepared to live Godly lives as responsible husbands and wives, fathers and mothers, raising a new generation to serve God in whatever He has called them to do.

### ONSITE MINISTRIES

In addition to the Home, NLCH has a School and a Clinic onsite that are open to the community. It is an integral part of NLCH's endeavor to "train up a child in the way he should go," not only for the children who live at NLCH, but also for those living in the surrounding area. Approximately 350 children are enrolled in the pre-kinder - ninth grade school.

In Villa Nueva, Guatemala, 80% of mothers are single, the poverty is overwhelming, and the government's social services system is extremely overburdened. For many children, New Life Children's Home is their last hope...
